- Implemented across 20+ countries
- Trusted by 100+ food companies
- Microsoft Gold Partner
- Pioneers of food-industry
- 98% customer retention rate.
- Providing complete Food ERP the right way

ERPs *ARE* Complicated

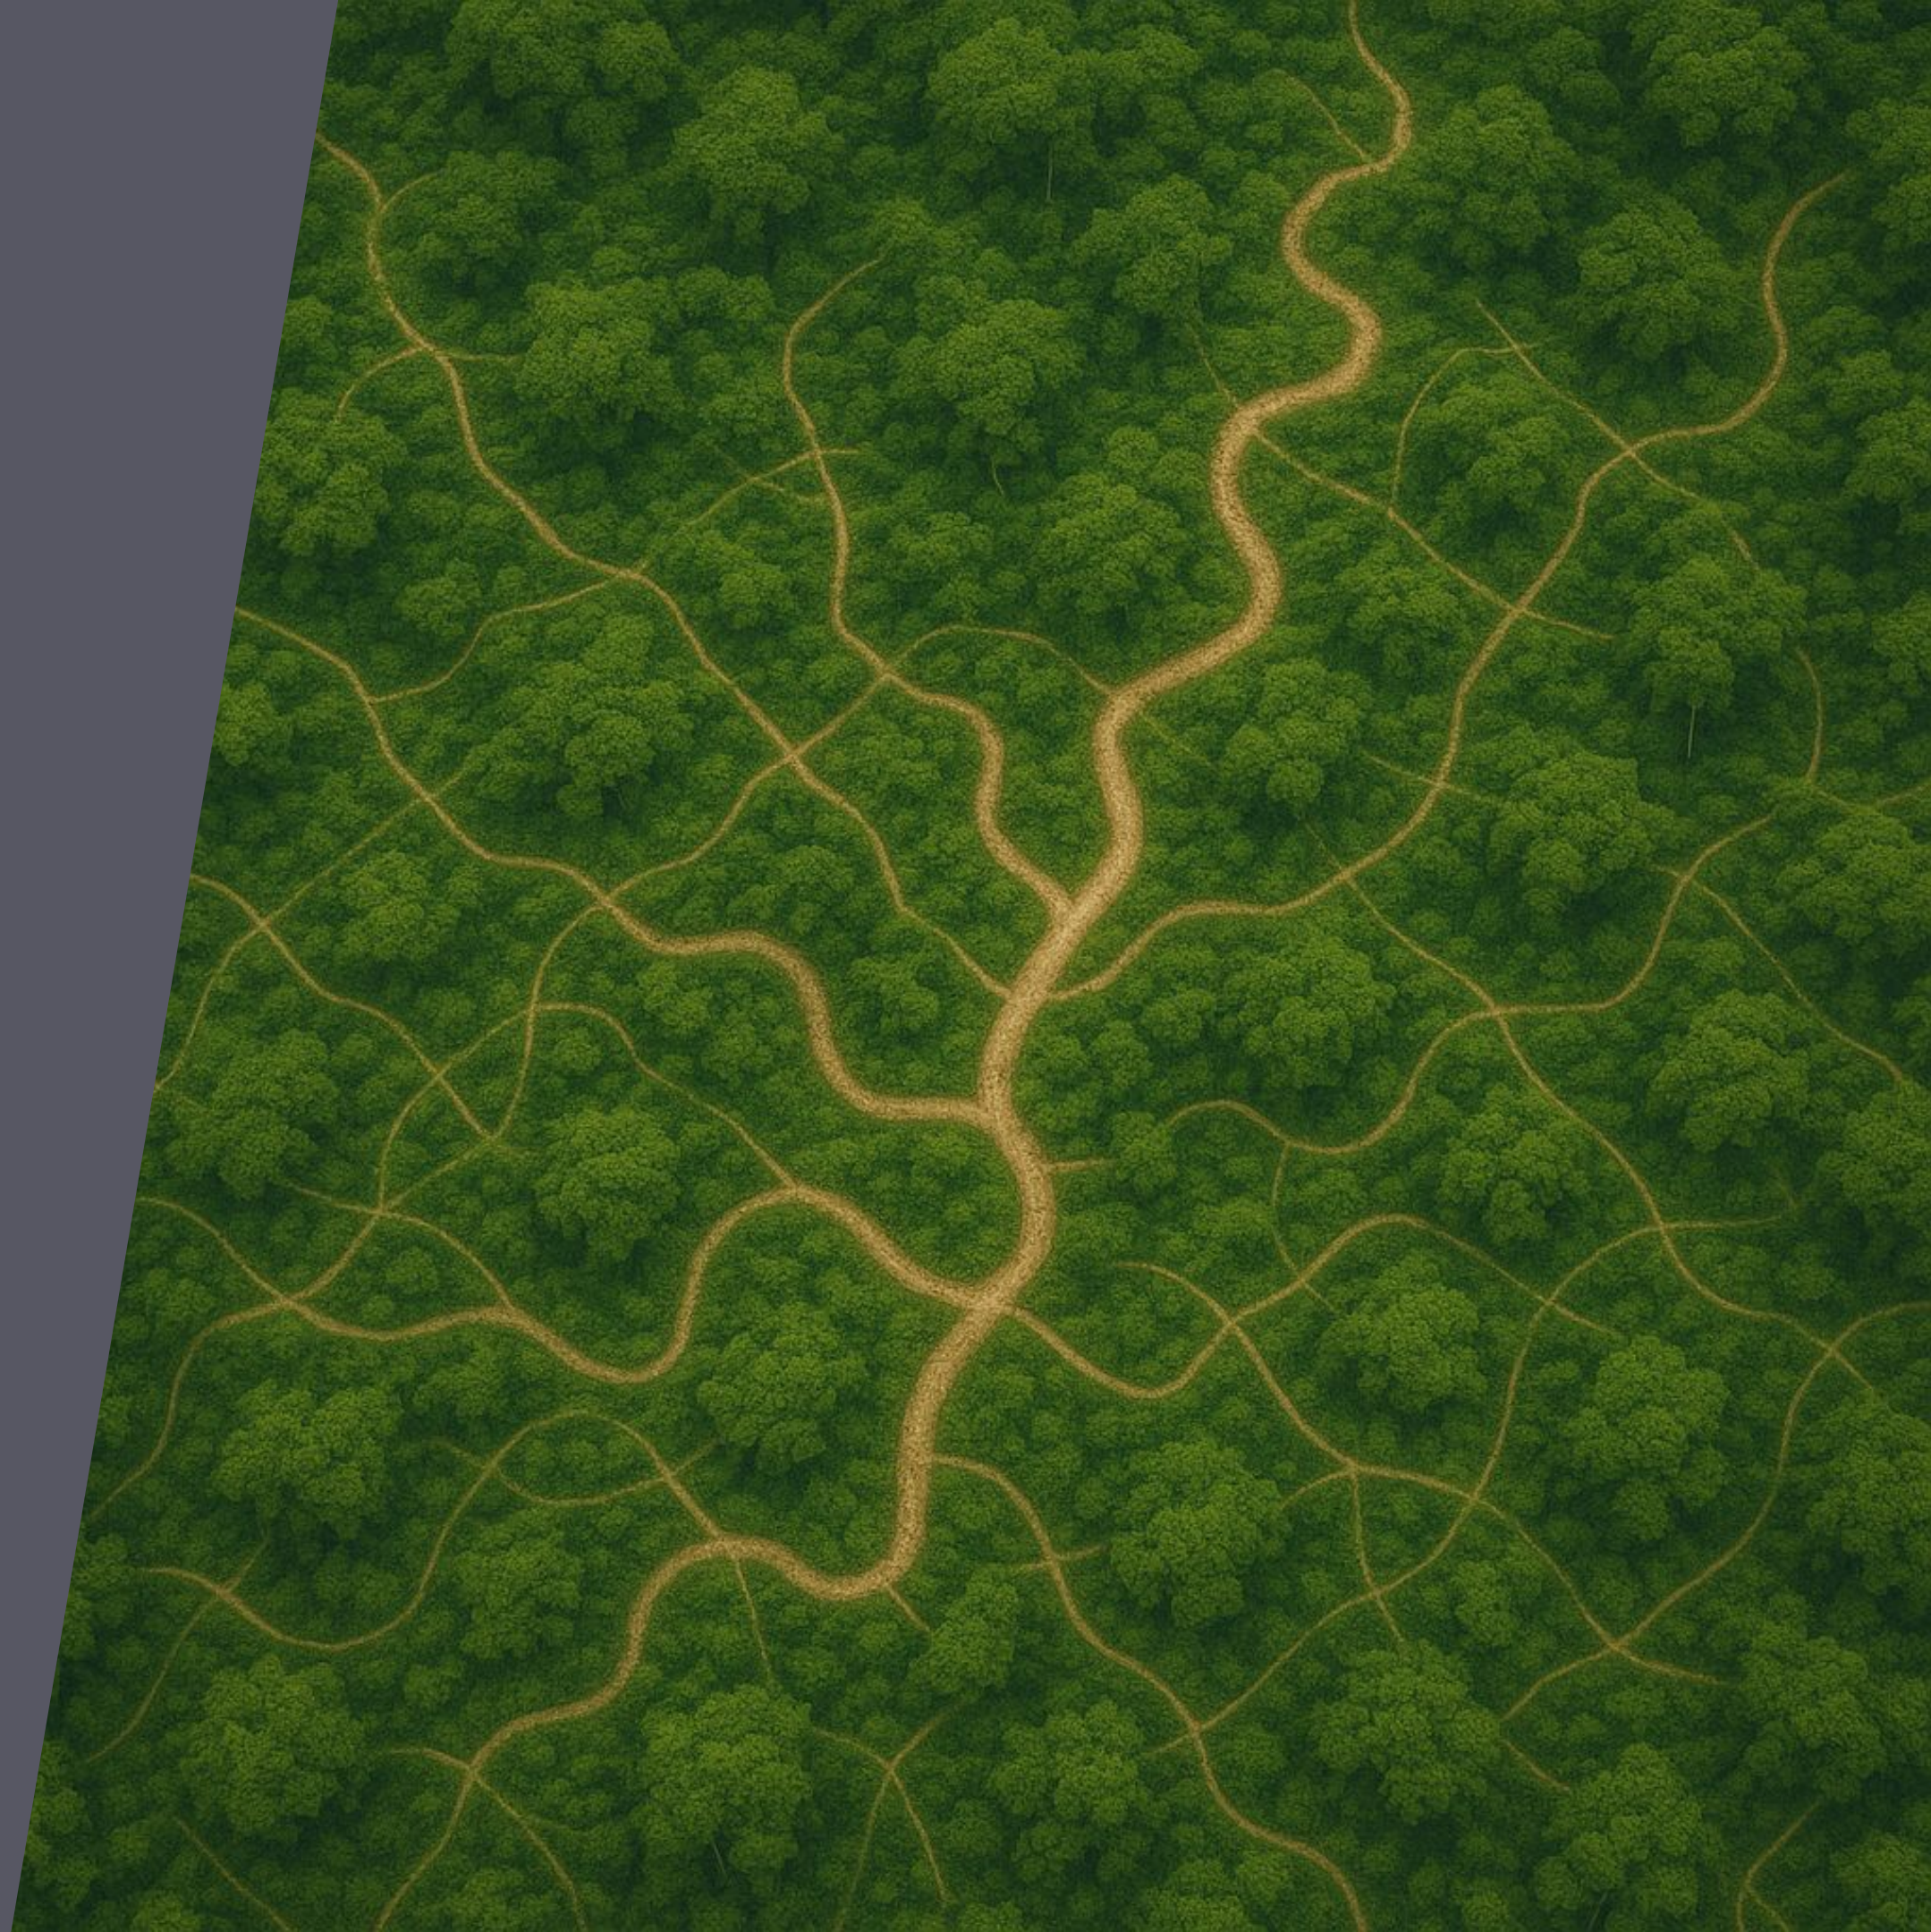

Food ERPs are
EVEN MORE
Complicated

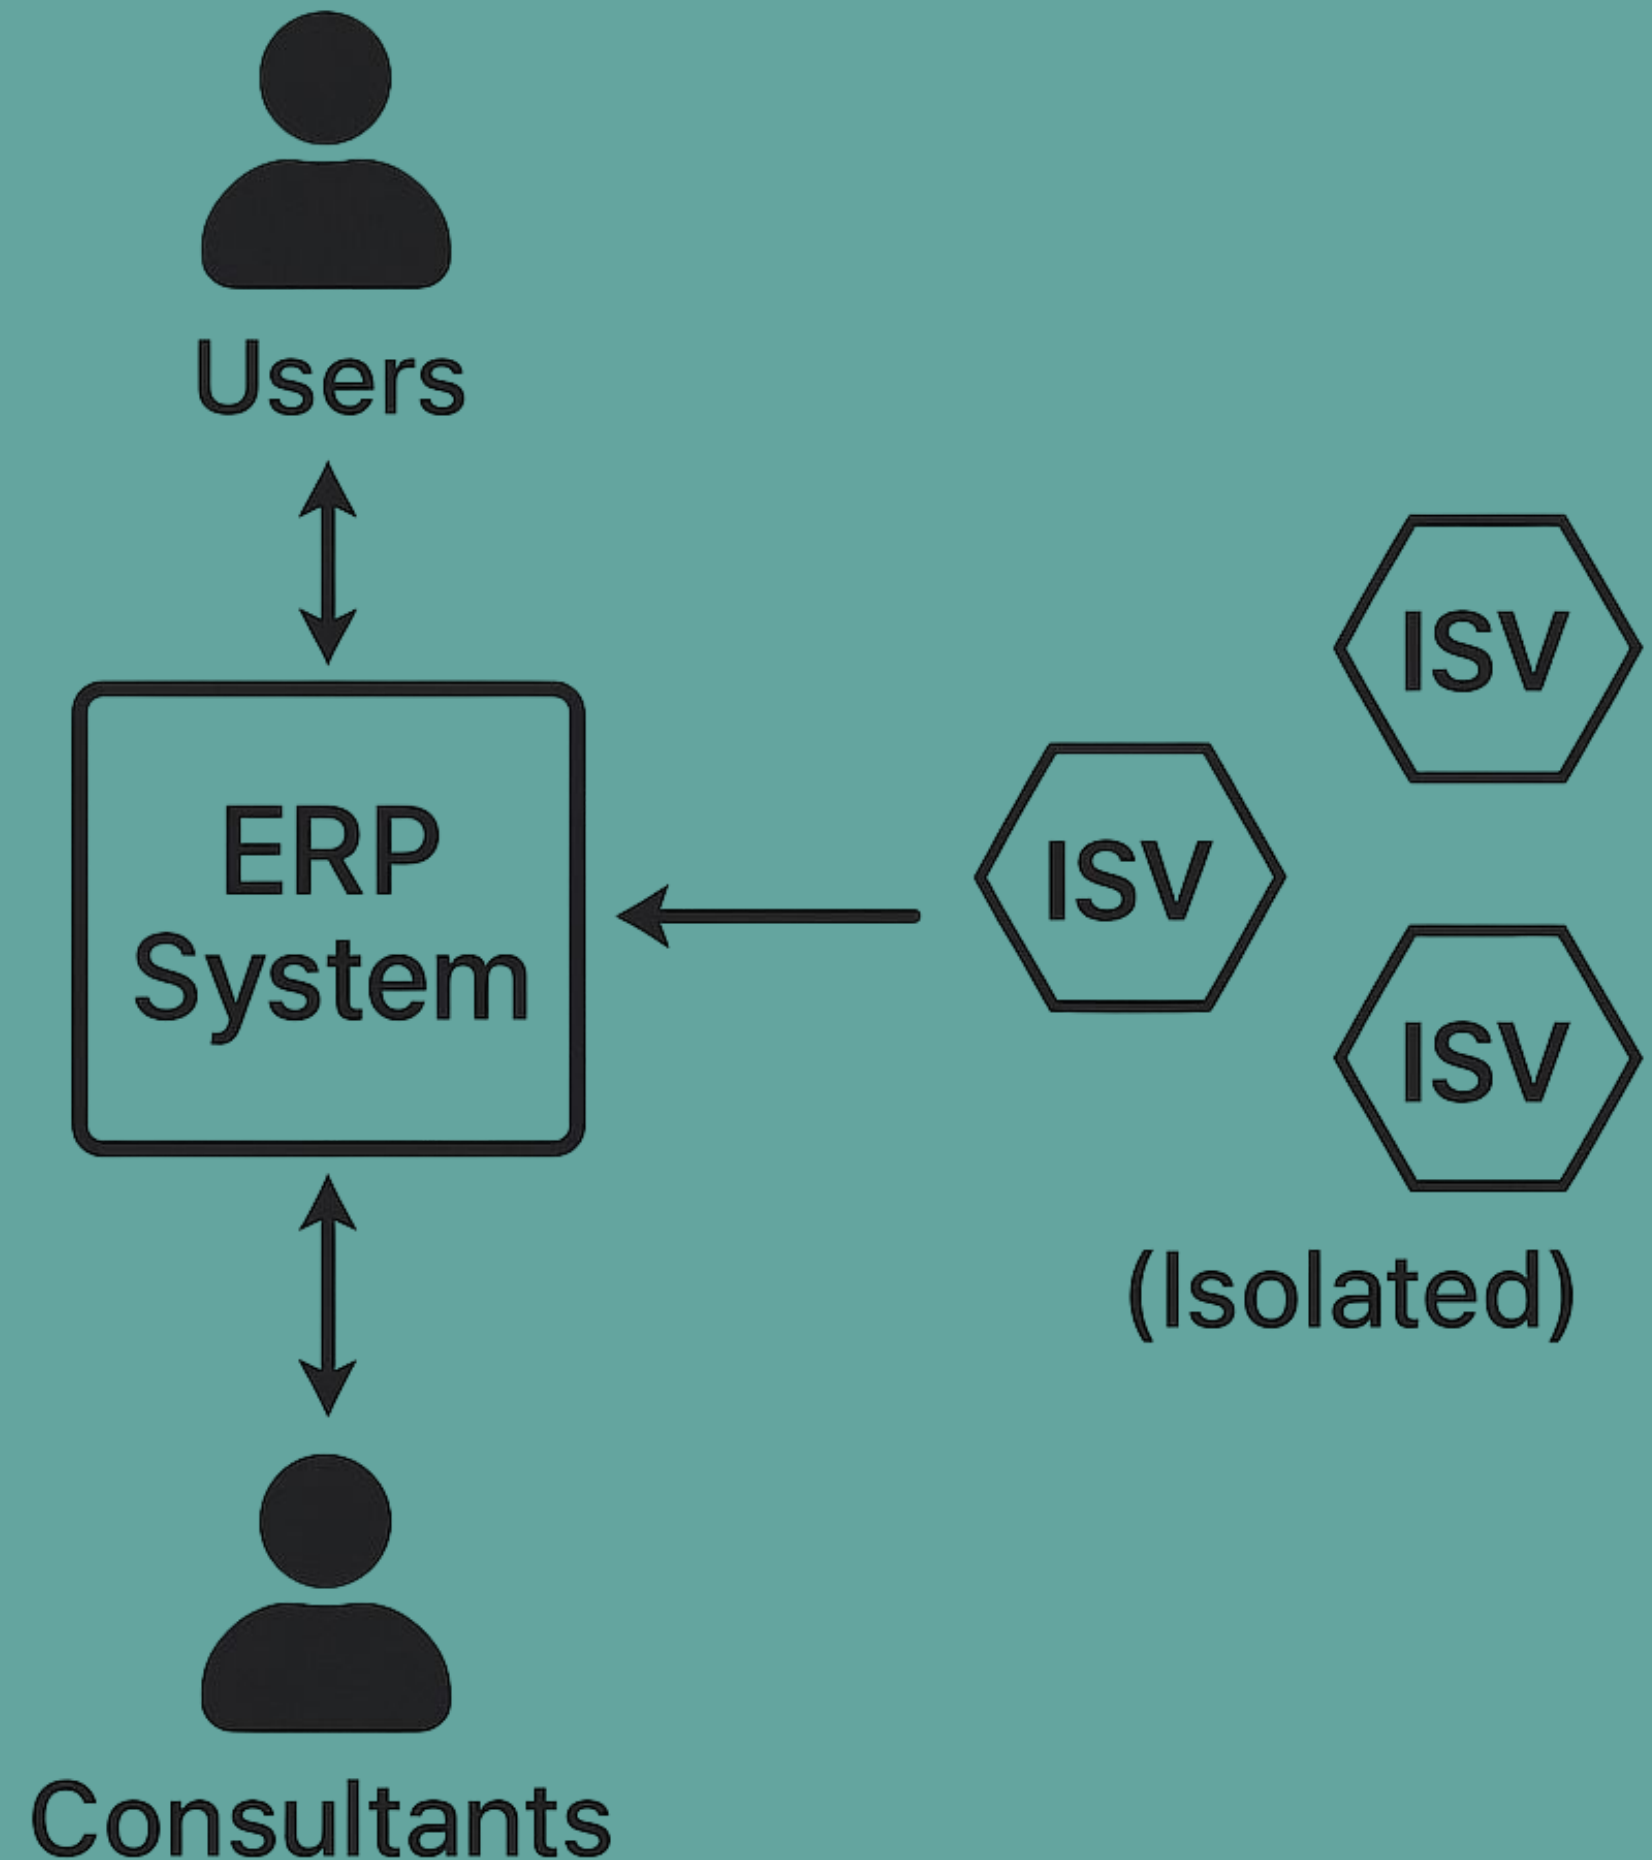

How Do We
Get Food
ERP Right?

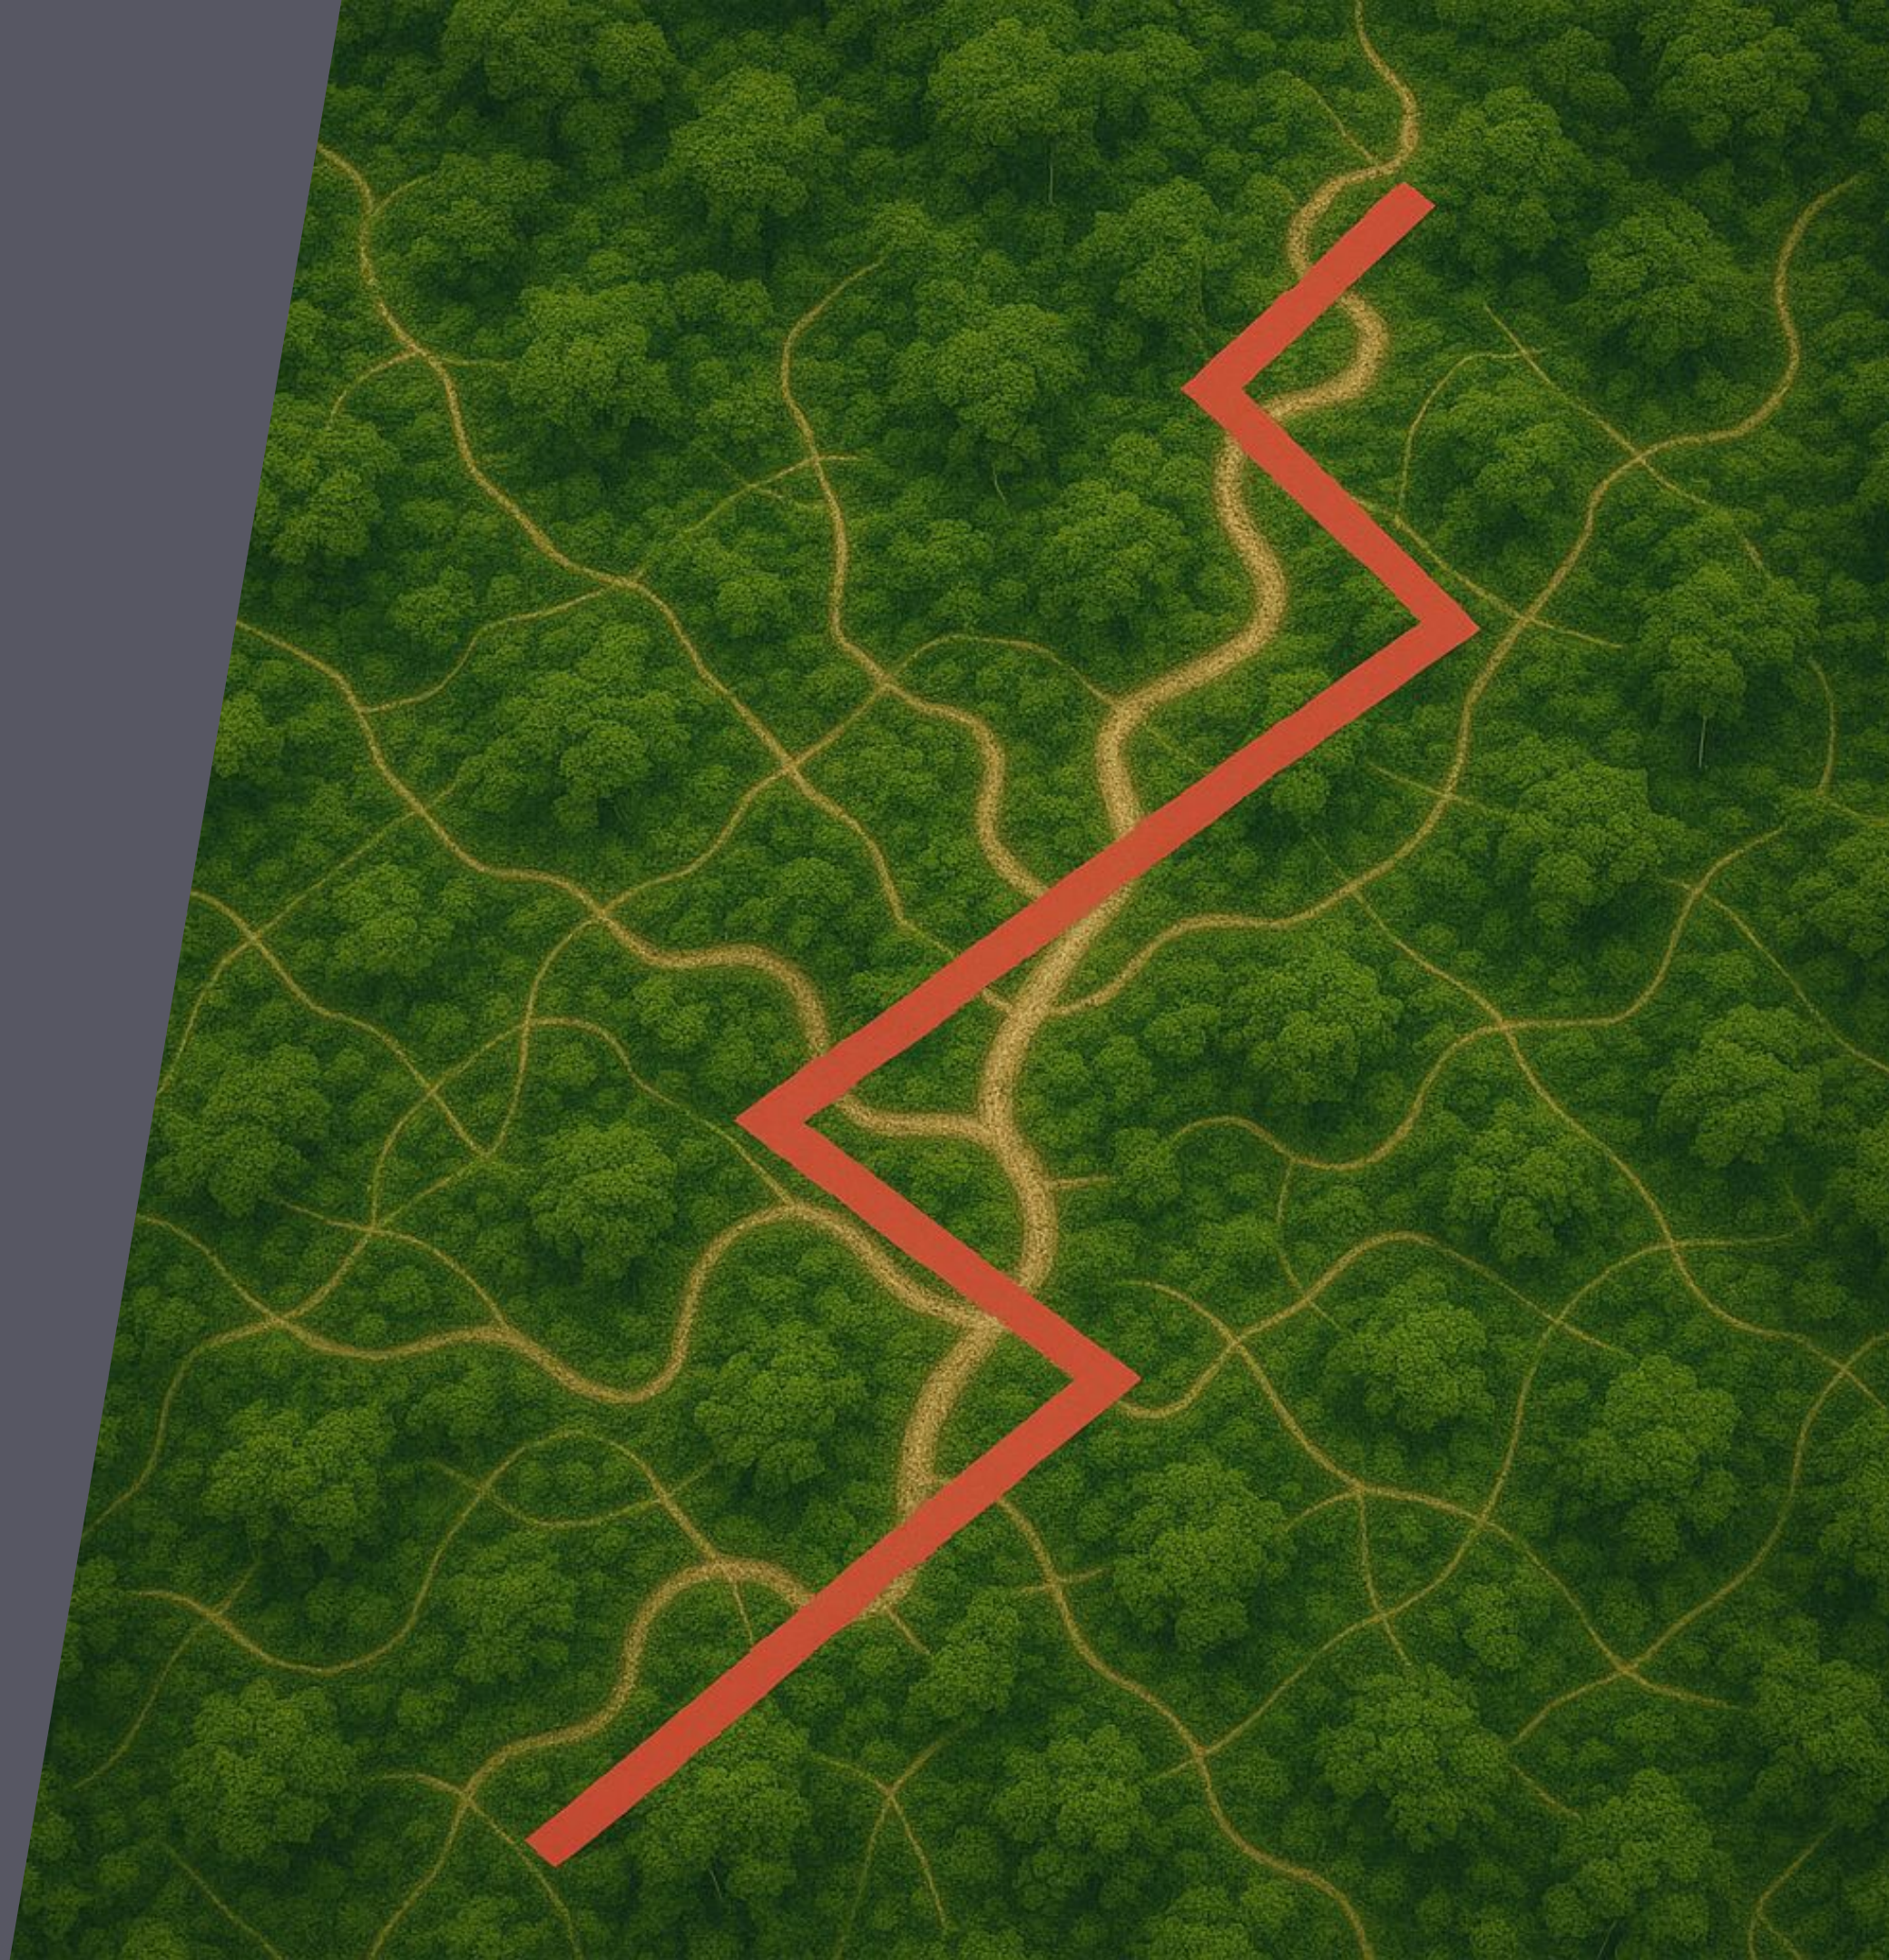

Path for a
Company is
a *Delicate*
Winding
Road that
Changes
Over Time

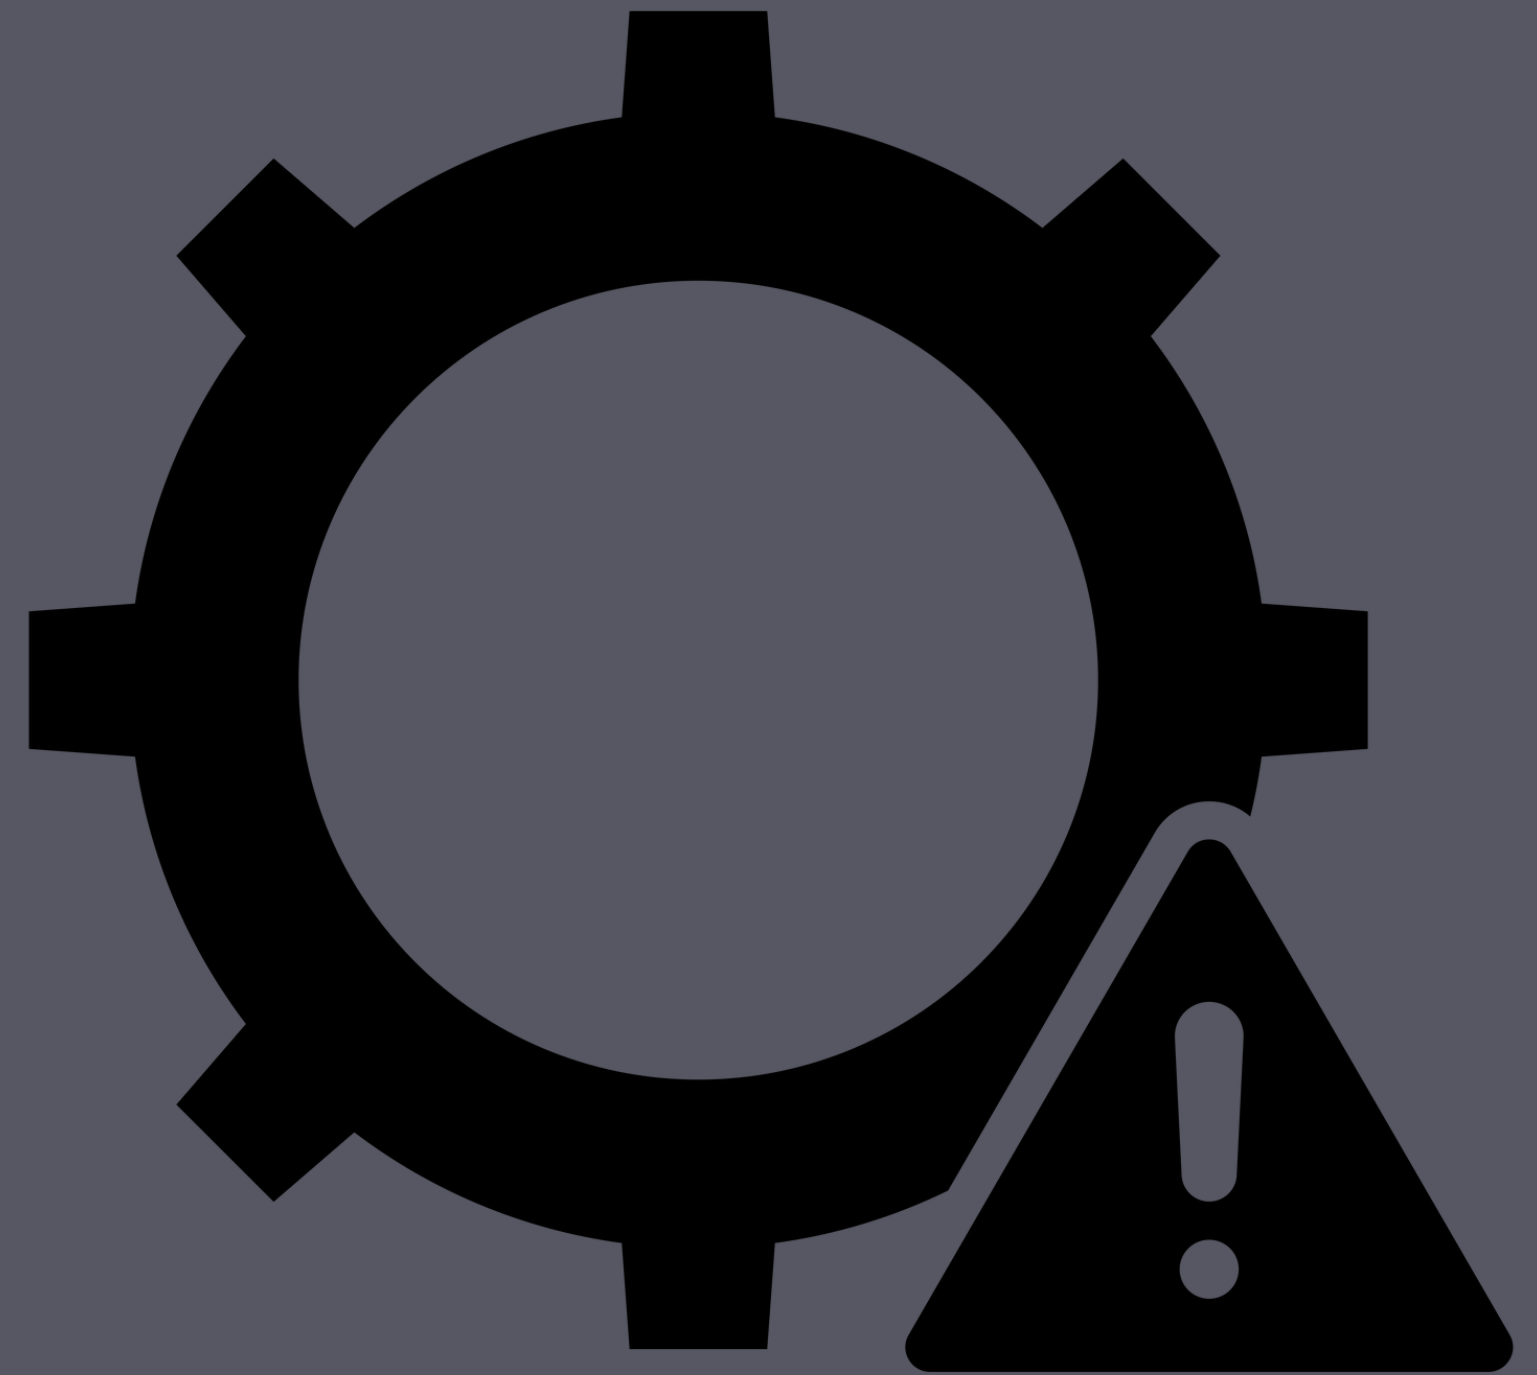

Standard
Paths use *out*
of the Box
ERP and *ISVs*
to Achieve
Solutions

The
Standard
Solutions out
there are
Jagged and
Forced

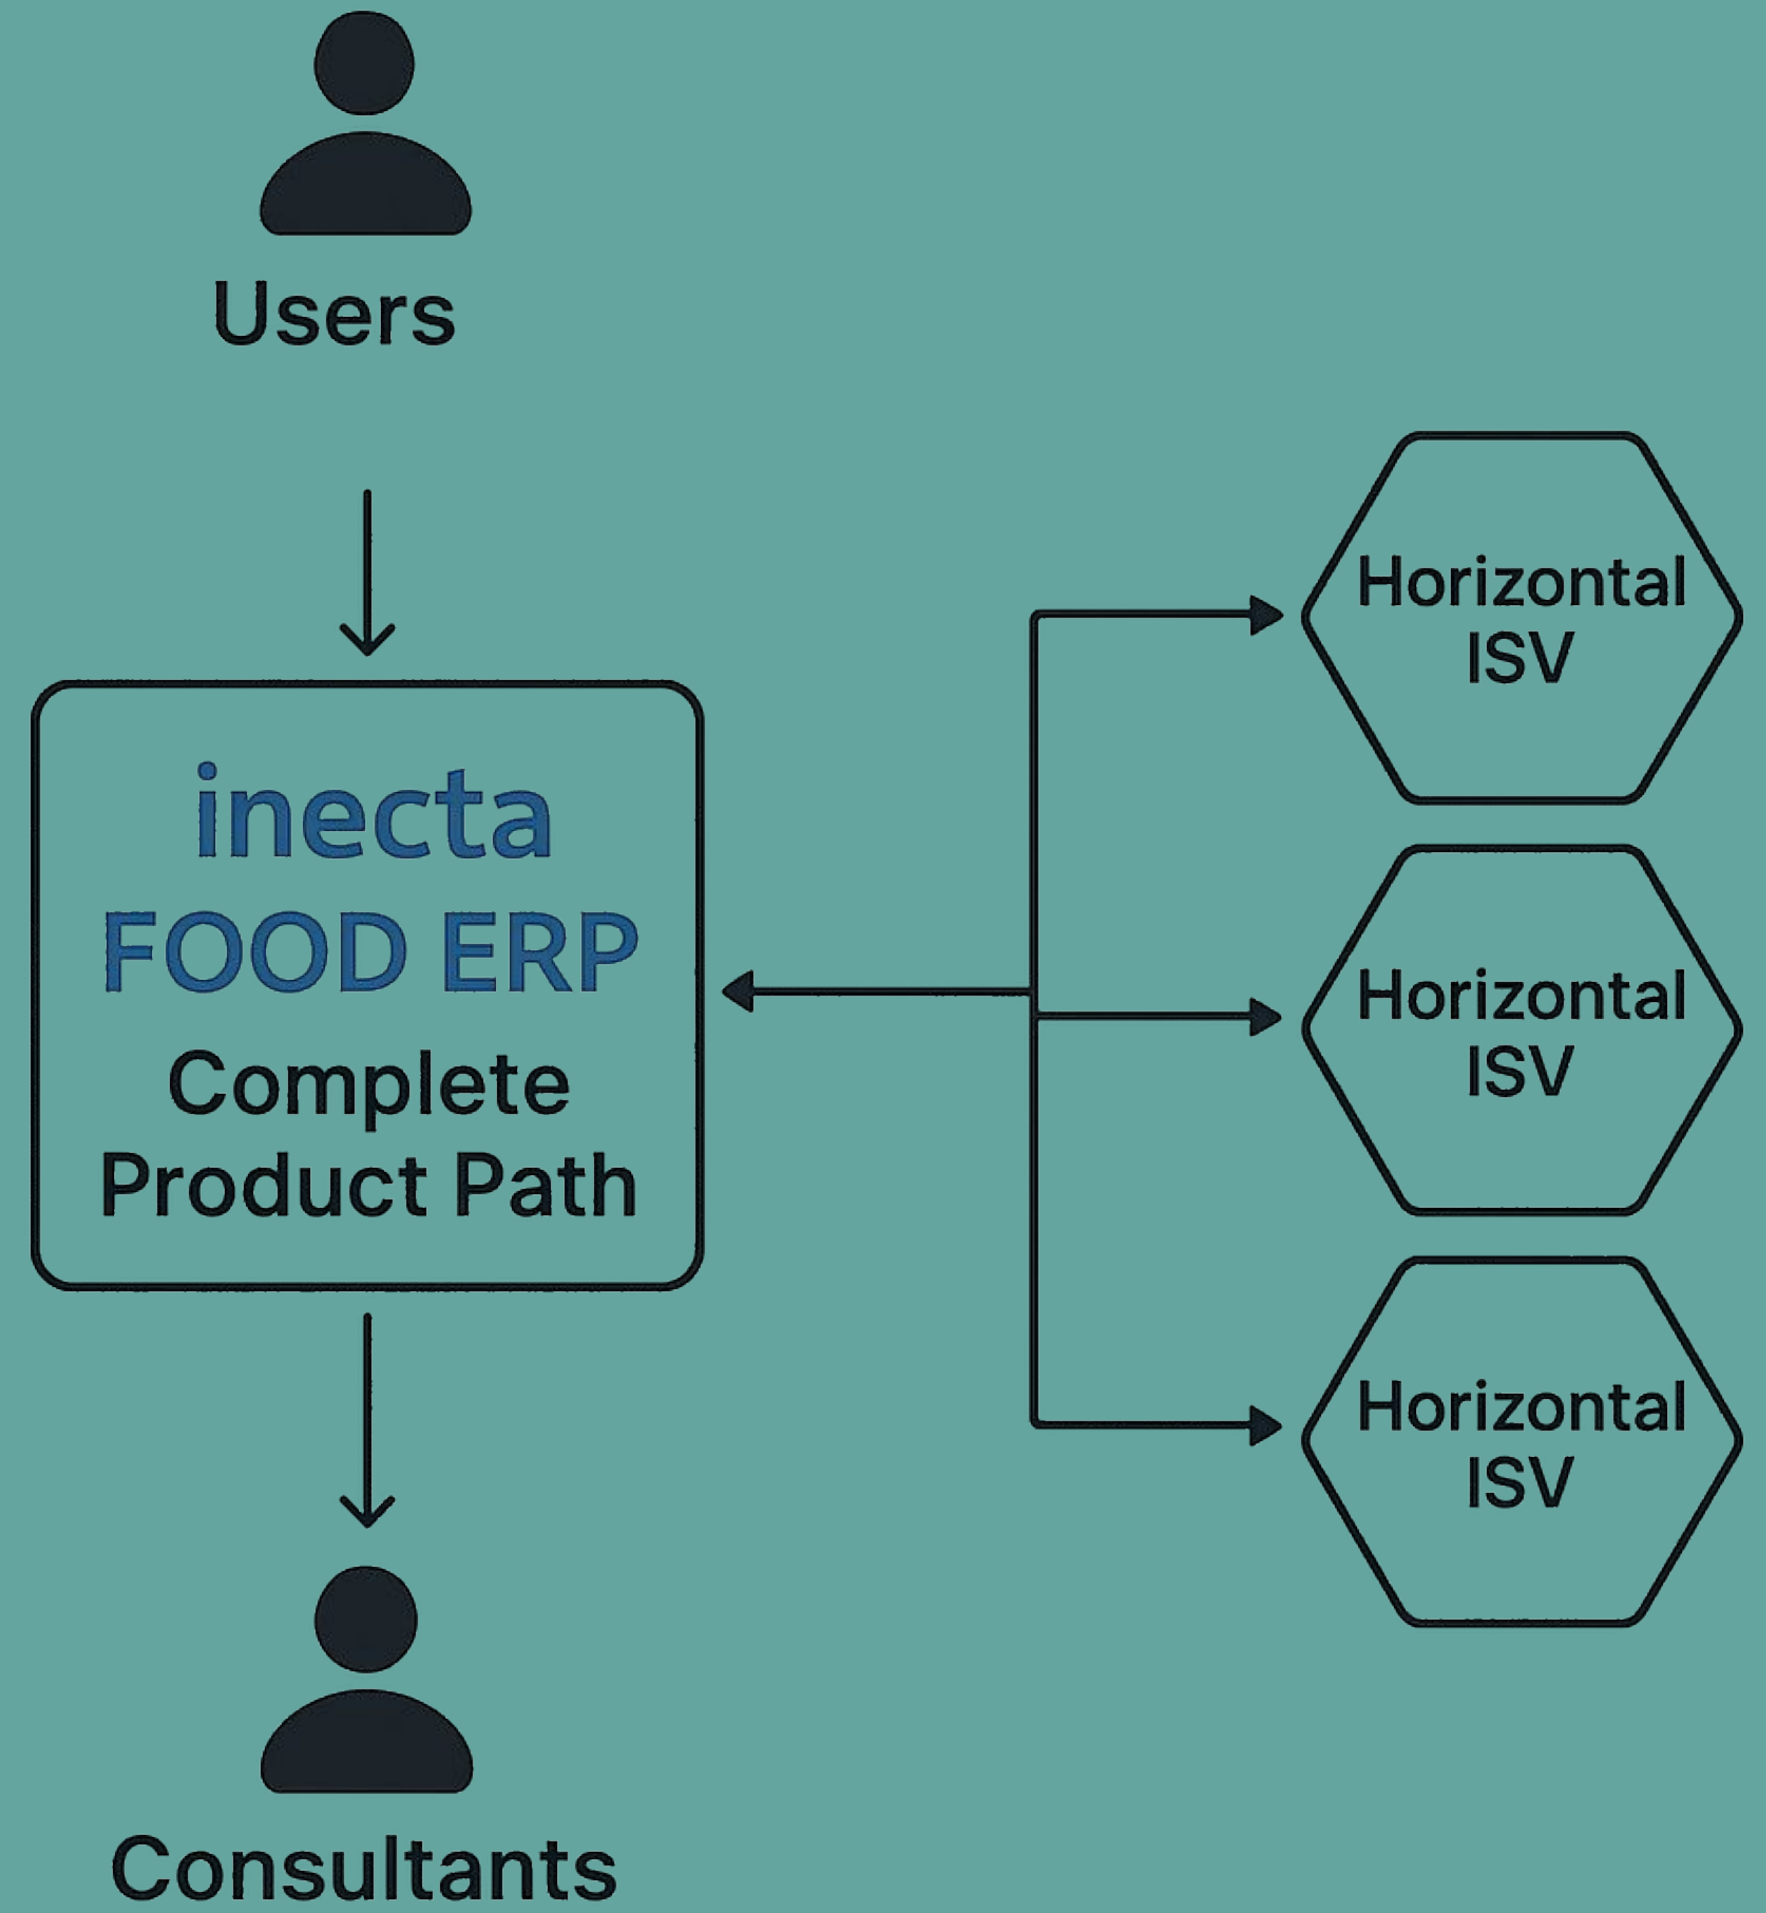

This Results in
Inefficiencies,
Inaccuracies,
Lost
Opportunities
and Profit

 **inecta**
Food is

Built

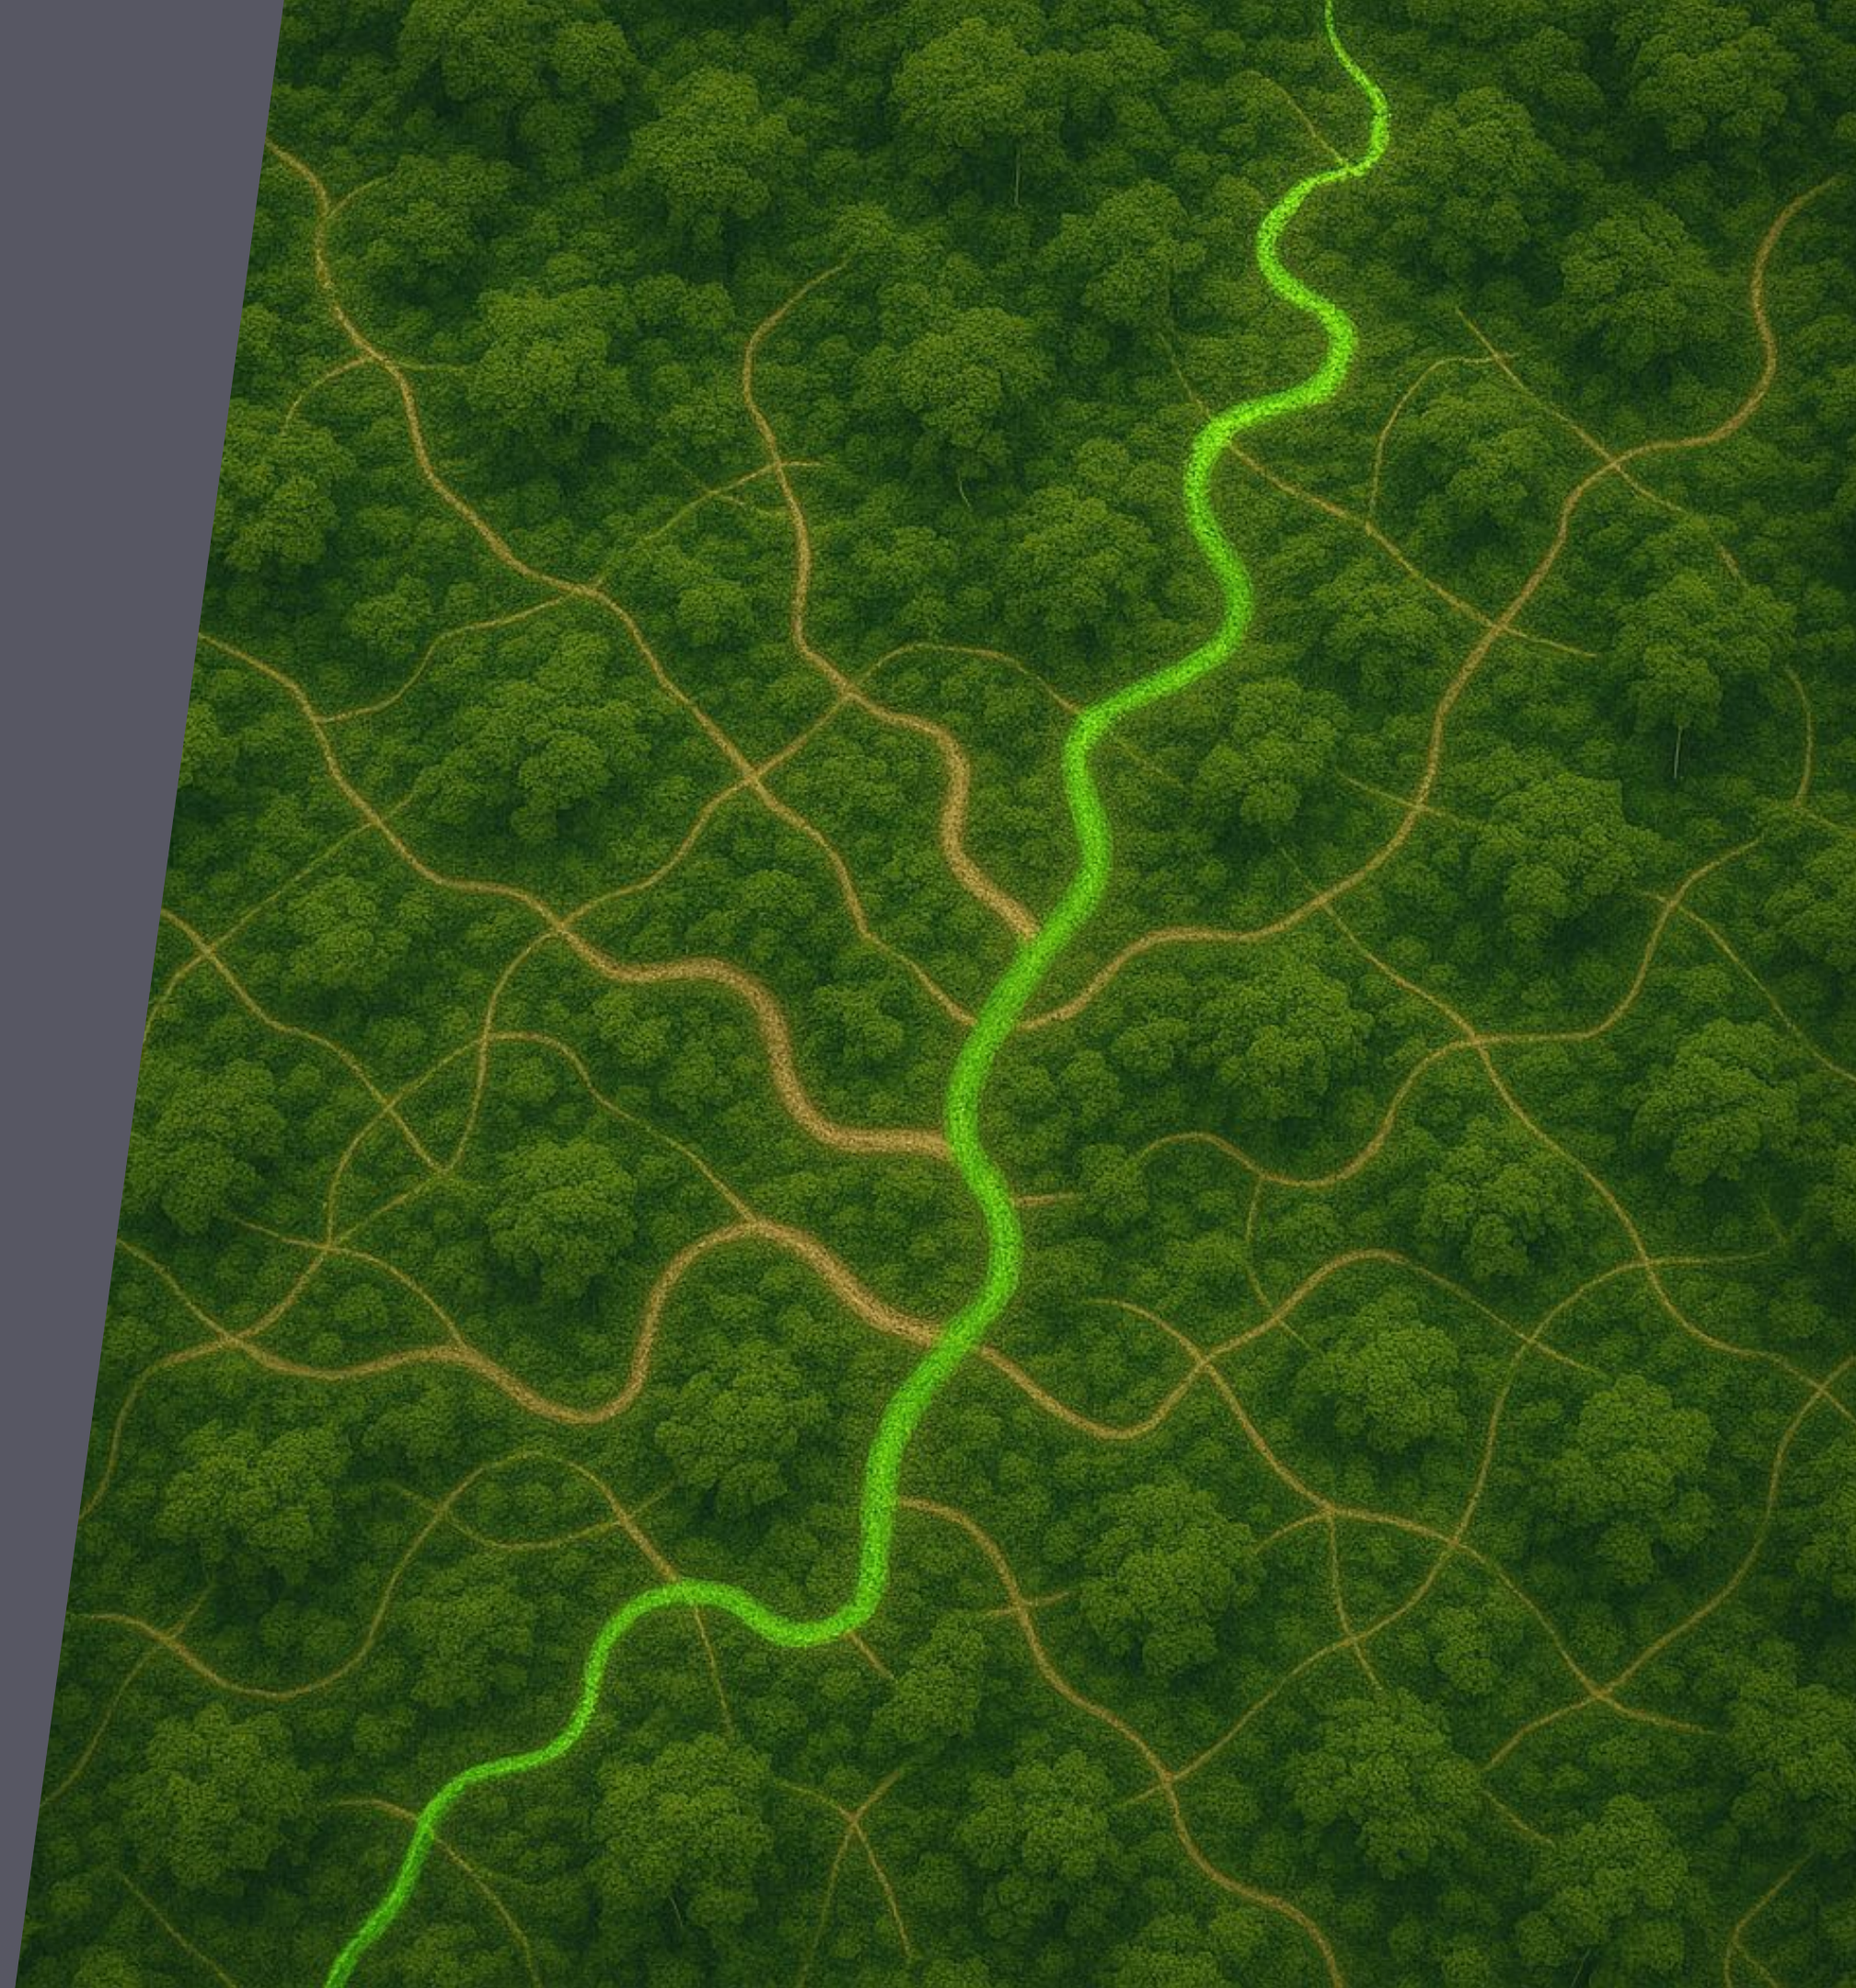

Differently

Adding AI to the *Right* Places

...Resulting
in a
Smooth
ERP that
Works *With*
you

Don't Take it from me, Listen to our Customers

“We truly feel that inecta understands our business, our requirements, and our process”
- Amir Quality Meats

“inecta was responsive, innovative, and brought real structure to the project. We put them under serious pressure and they delivered.”
- Sugar Mountain

“When I first started it took us over two months to close the books. We were successful last month, hitting our goal of closing the books in a week”
- Riverence Aquaculture

“It gives me great comfort to have a strong partner like inecta”
- Frederick Wildman and Sons

Thank You!

Questions are welcome now or directly following the session.

I will be at **booth #1** until show closing.
